ACCELERATOR RITUAL PROTOCOLS

TO FA SU TU Chant by **Residue**

1 Clearing the Volitions
(until the commodity is no longer 'seen')

Subject receives information/transmissions from TV in order to clear their desire for certain commodities.

Command: Do you REALLY want this? And NOW?

2 The Obliteration of Sense
(the rupturing of socalled meaning through repetition)

Subject chants slogans – read from placards.

Command: Make a Racket.

3 Actions have Consequences
(making a world/destroying a world)

Subject creates diagrams, etc with glitter. Then obliterates them with a broom. Repetition produces realisation.

Command: SPRINKLE THE GLITTER! NOW, SWEEP IT UP!

4 Unlearning the Learnt
(as your movement is, so you are)

Subject mimics everyday gestures in reverse: morning, shaking hands, thinking, hands on head, saying no, saying yes, laughing, I'm angry.

Command: Topsy-turvy-all-in-reverse.
